

Perfectly purple, Capesthorpe are the best!  
We are simply marvellous, better than the rest!  
We won the trophy last year, the others were in  
tears!

How many more times will they be forced to hear  
our cheers?

Racking up the points, we watch the others flop,  
No point in trying, you can't catch us - we're flying!

Working hard, with pride and ambition,  
counting our achievement points to get us to the  
top.

Another year on, our Eras changing, our house  
points ever increasing, Capesthorpe needs to keep  
winning!

This year we'll make Arley frown,  
Because we are coming for the crown.  
We are the best House, which was never in doubt!  
In assembly - to be added!

Count the days, count the years, count the time  
and cherish it. Bouncing up and down, counting  
until I come down.

One year on, it's Summer 2025 and we're basking  
in the sun,

Three cheers for Capesthorpe as we count the  
awards we've won!
